4. COMMITTEE REPORTS

The following reports were presented:

4.1. PRESIDENT'S REPORT

The President:

- Talked about the significant impact that COVID-19 has had on the Club's activities over the past 6-months with the postponement of a number of key events including the Club's 30th Anniversary celebrations and the 2020 NatMeet due to be hosted by the Club. The Club has had to totally restructure how events are run developing a set of procedures and guidelines and constantly updating these (currently on 10th iteration) as NSW health regulations and guideline change. Despite the recent relaxing of some of the procedures, it is very important that all members abide by the Club's procedures and regulations relating to COVID-19.
- At this time NatMeet 2020 is to be postponed until 2022. The Club is currently working towards moving this event to a suitable date and as information comes to hand, we will be letting all registrants know about the current status and future arrangements.
- The Historical and Classic registration which was launched in October 2019 and several members and new members have taken up this registration system within the Club.

- The Club's magazine Club Torque has gone through a difficult period but with a new production team of Kim Jacobs and Peter Barnwell is now back on track and delivering a high-quality magazine to Club members. Kim and Peter bring a vast amount of experience to this position so thank you to both of them for taking this on.
- This year a number of Chapter Convenors retire and I would like to thank them for their support in running the chapters and at the same time welcome the new Chapter Convenors – in the Hunter John Purcell and Christine Cameron have taken over from Brian Thomson and Rob Emmett; in Canberra Peter and Annemie Wilson have taken over from James and Giulia Schiemer; and in the Illawarra James Mate has taken over from Jeff and Pam Rowe.
- Thanked the Committee for all their work in difficult and challenging times to keep the Club active and develop events to meet the COVID-19 requirements. Without the volunteers the Club would not be what it is today, and we would not be able to provide members with such a vast variety of events.

4.2 OTHER REPORTS PRESENTED BY COMMITTEE MEMBERS

- Competition Secretary's Report
- Club Captain's Report

Acceptance of **all** reports: *Moved:* Jean Cook *Seconded:* Pam Estreich – *Carried.*

5. TREASURER'S REPORT

The Treasurer:

- Thanked all members and Club sponsors who have continued to support the Club over the past 12 months under very trying circumstances.
- Presented the Draft Profit & Loss Report and Draft Balance Sheet for the 2019-2020 financial year using Sage Accounting Package. The Club's auditor will be independently checking the accounts and submit his report to the Committee in due course.
- The Club is projected to finish the financial year with a surplus of \$15,137 which represents an increase of 30% over the previous financial year.
- A deposit of \$2000 has already been made for the postponed 30th Anniversary event now held over to 2021. The Club is also holding an amount of \$7,139 for the postponed NatMeet having paid back over \$36,000 in refunds to those withdrawing from the event.
- Some notable differences this financial year versus the previous financial year include – lower interest received due to current lower interest rates; printing and postage costs are lower due to fewer editions of Club Torque; higher social events costs due to 100 more members attending subsidised events like the Presidents

Picnic, 30th Anniversary event and the launch of South Coast Chapter. Also noted that under liabilities in the Balance Sheet, the Club has made an advance deposit for track events which were subsequently cancelled because of COVID-19 with these funds being carried-over into the current financial year.

- In December 2019, \$20,000 was transferred into the Club's term deposit account and reinvested. At the end of June 2020, this account had accrued to \$87,623. The committee continues to keep these funds invested for 5/6-monthly periods in order to obtain the most advantageous interest rate.
- Monies collected for NatMeet 2020 is being held in a trust account by VMS Conference Logistics who are providing the Club with NatMeet Registration services.

MXV Award:

This is a new award to supplement MOTY awards and membership tenure awards and is awarded to any member who achieves the milestone of 1015 (MXV in roman numerals) MOTY points during a continuous period of membership. Tally to commence from the 2013 MOTY year. This award aims to give formal recognition to all Club members (including Committee members) who are highly active over several years whether it be organising events, officiating, and contributing stories and photos. Four members receive the inaugural MXV award in 2020 – Barry Luttrell (1066); Bryan Hicks (1199); Rob Wilkins (1338) and Bryan Shedden (1659).

President's Award:

The President's Award this year has been awarded to Ian Combes. Ian joined the Club in 2011 and became an active member in the motor sport area. For several years he supported David Lawler in running motor sport events taking over in 2016 the role of Competition Secretary. In this role he carried out a number of tasks including the restructuring of the class system, setting up the annual motorsport calendar and the day-to-day running of the motor sport section of the Club.

The activities that the motor sports section of the Club run include track days, motorkhana's, driver training and a round of the NSW Super sprint championship. These add up to over 14 track events per year. On top of this the Ian runs his car in the MX5 Cup series. Part of the role in organising the motor sport events is the need to organise the volunteers, paperwork, and services to run these great events. Ian has continued to build on the great reputation that the Club's motor sports events have.

2020 became a very difficult year with COVID-19 becoming a major complication to the programme. As the restrictions were lifted, we were able to start running motor sport events with the necessary approved guidelines and procedures. Ian developed these procedures which allowed us to re-commence our motor sport activities a lot earlier than most organisations. We were the first organisation to run a NSW State Championship motor sport round successfully. This highlights the standard of the work and procedures that were developed by Ian and put in place by the team.

I present this award to Ian as recognition of the work and dedication he has not only put into motor sport, but the whole Club. Congratulations Ian.

Keith Monaghan
President
